

Invitation to the Court's Knowledge Sharing event

[Knowledge Sharing](#) (ECHR-KS) is the European Court's online platform for sharing case-law knowledge with the public. It is widely used by legal and judicial professionals, academics and journalists.

On 27 February 2025, as part of the events to mark the launch of new language versions of the platform (Romanian, Turkish and Ukrainian), there will be a public conference, accessible online, where speakers will go through how to navigate and get the most out of the Knowledge Sharing platform, and how the new language versions were brought about.

Registration for online participation in the conference is available [here](#).

This is part of a wider high-level event which has been organised by [the Directorate General Human Rights and Rule of Law](#) of the Council of Europe and the Court.

To mark the occasion of the launch of the new language versions of the European Court's Knowledge Sharing platform, the Directorate General Human Rights and Rule of Law of the Council of Europe and the Court will hold a high-level conference. The morning session will include contributions from, among others, Elisabeth Margue, Minister of Justice of Luxembourg; Alain Berset, Secretary General of the Council of Europe; Marko Bošnjak, President of the European Court of Human Rights; Marialena Tsirli, Registrar of the European Court of Human Rights; Gianluca Esposito, Director General of Human Rights and Rule of Law of the Council of Europe; Stanislav Kravchenko, President of the Supreme Court of Ukraine; Radu Marinescu, Minister of Justice of Romania; and Niyazi Acar, Deputy Minister of Justice of Türkiye.

The afternoon session, which begins at 2 p.m. until 4.20 p.m. CET on 27 February 2025, will be open to the public to access online. Speakers will focus on the Knowledge Sharing platform – the Court's tool for disseminating case-law knowledge and widening understanding of the Court's jurisprudence among the public, which complements the Court's HUDOC database. In particular, speakers will explain how to use the Knowledge Sharing platform effectively to understand better the case-law of the Court, and how the new language versions were developed.

If you would like to attend the afternoon session, please register [here](#).
